At The Claremont Colleges, Chaplains serve as confidential spiritual counselors, emotional leaders, and provide ethical leadership to the campus community at large. There are four Chaplains onsite, a Rabbi, Imam, Catholic Priest, and Protestant Minister. Though each Chaplain holds a specific faith, they encourage and support all religious and spiritual student groups and communities on campus. It is the goal of the Chaplains to strengthen individual faith and promote interfaith relations. The Chaplains offer religious support, engagement opportunities, and create a faith community for students as they pursue their education.

**Pastoral Counseling**
Chaplains are available for pastoral counseling. These are one-on-one private meetings scheduled on request of a student. The Chaplains are not mandated reporters; thus these meetings are completely confidential.

**Mental Health and Wellness Support**
Workshops and group meetings themed by mental health and wellness topics. Virtual open office hours for students who want to drop by to chat with the Chaplains. Students can speak casually to the Chaplains about school, campus life, and/or personal inquiries.

We also offer interfaith gathering to engage students interested in faith learning to meet students of different faiths over a meal and work together on a service project in an online setting.

**Guest Speakers**
We offer faith specific and interfaith guest speakers in an online setting to share messages of faith, interfaith respect, or cultural commentary.
