# Connecting to eduroam on Android

1. Go to your Android Settings.
2. Under Settings, find Wi-Fi and tap it.

3. In the list of wifi networks, tap eduroam.

Luke Olfman, created 7/20/17

4. In the dialog box that comes up, make sure the following options are set as below:
   - **EAP method**: PEAP
   - **Phase 2 authentication**: MSCHAPV2
   - **CA certificate**: Unspecified
   - **Identity**: Your CGU email address
   - **Anonymous identity**: Your CGU email address
   - **Password**: Your password
5. Tap "Connect" and you will be connected to the eduroam SSID.
